## The Incredible Shrinking Kids

### Short Answer Questions Answers

1. Sarah, Mark, and Lily decided to investigate the tiny door in Sarah's backyard out of curiosity.
2. Challenges included sticky spiderwebs and raindrop rivers, while wonders included hitching a ride on a friendly ladybug and discovering a hidden civilization of tiny insects.
3. The tiny insects gave them valuable survival skills, such as building leaf forts and communicating with the local ants.
4. They returned to their normal size by following the path to a secret mushroom and eating a piece of it.
5. The three friends decided to keep their incredible shrinking adventure a secret, sharing it only among themselves.
